ביחד ננצח!

Due to the recent terrorist attacks and war in Israel, more than 120,000 families have been evacuated from their homes throughout the country. These families find themselves in unfamiliar territory, in unknown settings and having to deal with uncertainty and fear.

Making the situation more difficult is the growing list of *smachot* and special events these families have canceled as a result of the current situation. These cancellations often carry non-refundable financial deposits and the disappointment of missed, joyous opportunities.

This is why we're launching the **Partners in Celebration Initiative**. Together with Bnei Akiva of US & Canada, we are ensuring that these families can celebrate their *smachot* on time and in a beautiful and meaningful way.

We are a group of professional Event Planners joining forces to make sure these families celebrate previously scheduled Bar/Bat Mitzvot, weddings, and other special events, despite being displaced from their homes.

Please be our partner in enabling these special milestones to take place in the happiest and safest way possible. We take care of all the alternate arrangements for the event - venue, food and entertainment - so that these children and their families and friends can focus on continuing to celebrate life, even in these dark and difficult times.

In this way, we can show the world and remind ourselves that our simcha is truly unstoppable and our light will always continue to shine, even in the face of devastating darkness.

We've made several of these events over the last two weeks by combining our personal contributions. The positive impact on these communities has been overwhelming and the demand for upcoming events is growing.

In order to continue this important work, we need your support! Please partner with us to bring simcha to the families and communities who need it most, and help support affected Israeli event vendors in the process.

Together we can make a huge difference. Am Yisrael Chai!
